

Membership

- 1 The following table sets out the current membership of the Committee up to the end of September 2006.
- 2 An annual review of membership will be carried out along usual lines to invite nominations from all higher education institutions to fill the vacancies left by members retiring in September 2006. All institutions not in membership from October 2006 – including those with members who retire in September 2006 – will be invited to submit nominations. Priority will be given to any nominations from those institutions from which there have been no members for a year or more.
- 3 It should be noted that three members are retiring this year and that the meeting of SACCA on 14 June 2006 will be their last.
