**Update on “Burgess Group” Proposal for a Credit Framework for England and Wales in higher education**

**Introduction**

1. The attached paper is the final report of the ‘Burgess Group’s Proposals for national arrangements for the use of academic credit in higher education in England’ for information.

**Recommendation**

2. SACCA members are invited to note the contents of the proposals. Particular attention is drawn to Part 4 ‘Implementing the Proposals’ regarding the constitution of the Credit Issues Development Group. SACCA will seek to ensure that there is appropriate input from the Scottish higher education sector into the work of that group to ensure that there is synergy between the credit framework in England and the SCQF.

**Further information**

3. Further information on the material covered in this paper is available from David Bottomley or Heather Gibson.
